

Office- Health Superintendant  
Community Health Center- Daurala

Ref No- 240/2019/2020/72/2020-21

Date 10/12/20

Subject- Health & Cleanliness Certificate

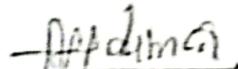

With reference to Ved International School Letter E11/VIS/2020 today i.e. on 30/12/20,  
I have inspected the school. During inspection I have found following-

1. Drinking water provided to students is absolutely clean.
2. Premises of school remains clean, rooms are airy and ventilated.
3. There are separate toilets for boys & girls. The toilets are sufficient in numbers; walls covered with glazed tiles and are well clean.

Remarks- Keeping in mind the health of students, I am satisfied with the standard maintained at Ved International School, Siwaya, Roorkee Road, Meerut in respect of health & cleanliness. I am of the opinion that these standards will be conducive for student health. Hence, this health & cleanliness certificate is to be issued to Ved International School.
